c. On 4 August, the exhibit on Intelligence Products was staged by the BIC(CS) in the R&S Auditorium. Invitations were sent to DD/P Staff and Division Chiefs to view this exhibit but the response was poor. This exhibit has now been developed to the point where it is an extremely effective show.

d. Analysis of student comments on the last running of Phase III indicates that additional work will have to be done on the Reporting and PM portions of the course. The Case Histories are being received enthusiastically. The Chief Instructor plans to introduce into the next running a series of testing mechanisms for experimental purposes in anticipation of the time when actual evaluations can be produced.

e. The Registrar [redacted] have tentatively allocated quotas 25X1 to the various offices and stars for Phases I and II.

f. Decision has been reached to provide additional running of Phase III beginning 19 October.
